

CDM MIDDLE & HIGH SCHOOL

FOUNDATION

MISSION: ENHANCE THE EDUCATIONAL STANDARDS AND REPUTATION OF CDM MIDDLE AND HIGH SCHOOL

New Library Spring 2016

Layout Concept

Small Group Concept

In an effort to migrate the CDM Library's educational model to a modern learning environment, the CDM Foundation Board has voted and approved a **\$400,000** allocation of funds which may be the biggest single donation contribution in the school's history. The CDM Foundation, in concert with our Principals, has approved the full first phases to completely remodel/renovate the main campus Library. If approved by the NMUSD school board, the CDM Foundation will use the generous donations from many CDM Families to add multimedia, tablet stations, private student project rooms, full class tech room, improved private office space, team tech work areas, parking lot main entrance, smooth flow to/from the Student Resource Center (SRC), all the furnishings, tablet support station, and much more. Many research sources, periodicals, and certain books will be migrated to electronic format, while specified fiction and other more commonly checked out books will be more efficiently shelf organized; all to make the most efficient use of space and various technological opportunities now available in modern education. Thank you to our Foundation contributors, our Fund-a-Need Neptune Ball donors and thank you to our Principals. Without this generous support the educational enhancement of our outdated library would not be possible.

Attendance Office Renovation

This summer the Attendance Office was relocated to the main office and the new space was renovated. The CDM Foundation allocated **\$45,000** of your generous donations to create a much more useful, efficient and aesthetically pleasing environment for the staff, students and parents. Come take a peek when you are on campus.

Thank You - Neptune's Ball

A big thank you to all that participated in our Neptune's Ball - Cabo Wabo night. The ninth bi-annual dinner/dance and auction was held at The Island Hotel on April 17th, 2015. Your generous support resulted in **\$190,000** raised for the Foundation including the Library Fund-A-Need which raised **\$70,000**. Thank you to our chairs, Andrea Fine and Robin Hook and their amazing committee!

As the principals of CdM high school and middle school, we are very excited about the work we will be doing this school year in partnership with the CdM Foundation. Our goal is to provide CdM students with an exceptional educational experience that will make them competitive in the college application process and successful in any post-secondary experience they pursue. Here are some of the key areas that will be our priority this coming year:

- ☆ Continue to enhance classroom instruction by utilizing technology as a catalyst for deeper and more relevant learning experiences for our students. With Foundations' support we will be able to provide additional mobile carts of laptops and iPads and create a dedicated space for our C-STEM and robotics programs in the Enclave Tech Lab for both afterschool programs and use by Science classes during the school day. We are moving forward with a BYOD (Bring Your Own Device) initiative. This will allow students to utilize their own personal devices as a learning tool in the classroom setting.
- ☆ Implement the first full year of both the Academy of Global Studies (AGS) and the Performing Arts and Multimedia Academy (PAMA). The signature academies continue to be a K-12 district initiative. Considerable time has been spent collaborating with our zone elementary schools, along with our CdM staff, students, and parents to refine the academies distinguished criteria.
- ☆ Further develop highly effective instructional strategies using defined Learning Targets, Checking for Understanding, Academic Literacy, and Student Engagement during our Monday professional development time. The quality of every student's learning experience should be based on consistently implemented departmental and grade level instructional standards, not on individual teachers.

To make our goals a reality we will be working closely with Foundation and other parent groups. We deeply appreciate the support that the Foundation has provided over the summer with the relocation of the Attendance office and the upcoming remodel and expansion of the Health office. This major undertaking will provide an improved service to our students and their families.

The library remodel project, scheduled to begin in 2016, will allow us to design an innovative learning center for our students to access before, during and after the school day. We value our collaboration with our parent community, and together our efforts and investments will continue to enhance CdM's academic, athletic, and artistic excellence.

The New Soccer and Lacrosse Game Field

During summer break, The Foundation was very busy making improvements to the CDM Middle & High School campus. This school year our soccer and lacrosse teams will play on a newly renovated game field, thanks to your donations and the allocation of funds by The CDM Foundation.

Due to the deteriorating condition of this field and lack of funding from the school district for repairs, The CDM Foundation deemed this project a top priority for the summer. The Foundation collaborated with the City of Newport Beach Water District to provide recycled water to the game field and top soil was donated to us which will reduce the field's water needs up to 50%! In addition, to ensure the field is properly maintained after renovation, The Foundation has reached an agreement with the school district to fund ongoing supplemental maintenance.

During the Renovation

This school year our soccer and lacrosse teams will play on a newly renovated game field

Almost Ready!

Mary Russell - College Programs Coordinator - A Foundation Funded Position

“Students in every grade 7th through 12th can use the SRC for homework, small group projects, college and career research.”

The Student Resource Center (SRC)

A successful renovation project provided by The CdM Foundation, PTA and Boosters.

Here is what Mary Russell, our College Programs Coordinator, has to say about the Student Resource Center:

The Student Resource Center, otherwise known as the SRC, has definitely become one of the most popular kid friendly places at Corona del Mar High/Middle School! Our SRC is designed for multi-use all day long from 7:30 am to 4:00 pm. Students in every grade 7th through 12th can use the SRC for homework, small group projects, college and career research, or just as a place to hang out with friends. The SRC hosted over 200 University and College visits in the 2014-2015 school year. College representatives come from all over the nation to give an informative presentation about their school to our students. The SRC hosts college visits and career specialists as well. On a monthly basis students are invited to come listen to guest speakers before school, break, or lunchtime regarding various career opportunities for future employment. During the regular school day, over fifty students come in and work on the many computers that are available for their use. Inside the SRC the large lounge area is bright, airy and furnished with oversized chairs that give the students a feeling of comfort and calmness. That positive atmosphere in the SRC just might make it the “coolest” place to hang out on campus!

Save the Dates!

Duffy Date Night Spring 2016

Gary Crane and the CDM Foundation Crew are already planning the bi-annual Duffy Date Night! Duffy Date Night is a Foundation Friend Raiser held in the years when we don't have a Neptune's Ball. Don't miss out on this famous event! Look for more info in the coming months.

7th Grade Meet the Parents Mixer

Friday October 9th - 6pm to 8pm

Please join the CDM Foundation for its Annual 7th Grade Meet the Parents Mixer!

Drop your 7th Graders off at their Middle School "Party" in the Gym and then come over to the Middle School Enclave.

This is your opportunity to meet 7th grade parents, Middle School Principal Dr. Becky Gogel, High School Principal Kathy Scott, Middle School Counselor Julie Bentwood, New School Resource Officer Gary Clemente and School Board member Karen Yelsey.

Take a tour of the newly equipped Technology Lab Funded by the CDM Foundation!

Questions: Please contact Suzanne Gauntlett at suztg@pacbell.net

New Technology Lab

The CDM Foundation is proud to announce the opening of the CDM Technology Lab in October 2015. The Foundation has allocated **\$200,000** to expand and enhance our students exposure and connectivity to cutting edge technology.

The primary function of the Technology Lab will be to support the existing school curriculum for both the Middle School and High School. The facility will be housed in The Enclave and will be utilized for special research. In addition, it will provide a dedicated space for after school technology programs and classes, currently C-STEM and VEX Robotics. The Tech Lab will be equipped with computers, iPads, a 3Dprinter, printers, a flat screen TV and more.

Please be sure to visit the Technology Lab at Back To School Night on Thursday, October 1st.

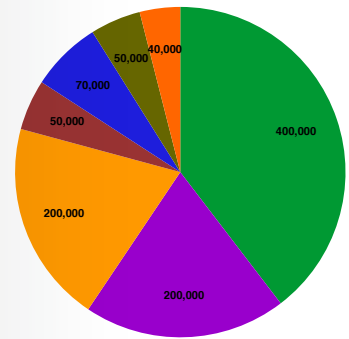

Nurse's Office Renovation

Now that the Attendance Office has been relocated and renovated it is time for a new Student Health Center. The Health Center will take over the entire old Attendance Office space. The space will be completely renovated resulting in a modern, clean and comfortable environment. The renovation will include sick and well areas and a private nurse's office. Designs are being finalized and will be released for constructions bids in the weeks ahead.

Foundation 2015-2016 Budget \$1,010,000

Library Remodel	\$400,000
Tech Room	200,000
Academics	200,000
Athletic Field Reno	70,000
Nurse's Office Remodel	50,000
Landscape	50,000
Technology	40,000
Total 2015-2016 Budget	\$1,010,000

- Library Remodel
- Technology Room
- Academics
- Nurse's Office Remodel
- Athletic Field Renovation

New Sports Lockers

Coming this fall...

The Foundation, PTA and Boosters are all allocating funds for NEW shared sports lockers so our CDM athletes no longer have to drag their bags and equipment around or drop them by the Athletic Office. The 95 New Sports Lockers are 72" tall and will be installed around the perimeter of the gym. Go Sea Kings!

Concept photo of lockers.

Congratulations and Good Luck, Mr. Tolzda!

Vice Principal of CDM middle school, Tim Tolzda was recently appointed as assistant principal at Estancia High School. Tim completed seven years at CDM and did an excellent job serving both the middle school and high school! He will be greatly missed by the administration, students and parents. We wish you well, Mr. Tolzda!

The district will conduct a full application and interview process in September to find a replacement. An interim VP will be named until the district fills the position.

Have You Met Mr. Chavez?

Ernie Chavez

Ernie Chavez was selected by the Corona del Mar student body to receive the 2015 Sea King Dave Sizer Service Award for his unwavering positive attitude and student-centered approach to his job. Mr. Chavez works evenings and focuses on getting events and spaces ready for students and various school groups and teams. In the past, Ernie has served as an advisor for Youth & Government and is well known and respected by the students. He is very deserving of the award and the school community values his presence campus.

NMUSD'S Gone Green

The NMUSD has installed solar panels in the CDM pool parking lot. Solar Panels are being installed at 32 locations throughout the school district and the entire project is expected to cost \$13 million dollars. According to the district the funding will not come from the district's general fund but will be paid with a no-interest loan from the California Energy Commission, capital project reserve funds and funds from Proposition 39 - the California Clean Energy Act. The solar panels are expected to last 25 years or more. "The more we can lower our energy bills, that's money that can go back in the classroom," says, Tim Marsh, Director of Facilities Support Services for the district.

Welcome, Officer Clemente!

Gary Clemente

Officer Gary Clemente is CDM's new School Resource Officer. He has been on the force for 13 years, 10 of those years working in Newport Beach. Officer Clemente has worked closely with Officer Vlad Anderson and is very familiar with the CDM campus. Take the time to introduce yourself to Officer Clemente. He is sure to be an invaluable asset to our campus.

Good Luck, Officer Anderson!

Vlad Anderson

We will miss you, Officer Anderson! Vlad Anderson has been CDM's School Resource Officer for the past four years. He has been an integral part of CDM and is valued and respected by the entire school community. Luckily, he won't be too far away. Officer Anderson is relocating to Newport Harbor High School.

Special thanks to Alex Hachigian (Class of 2017) for his photo contributions.
